Finding Hope:
**Prevention, Early Detection and
Treatment of Pancreatic Cancer**

A free, online continuing medical education series

Monday, Nov. 7 – Friday, Nov. 11, 2011

Presented by
Digestive Health Center of Excellence at Beaumont Health System
Coleman and Shirley Mopper Pancreatic Cancer Fund
Oakland University William Beaumont School of Medicine

This online symposium provides CME modules on various modalities for diagnosing and treating pancreas cancer for health care professionals.

- **Online learning modules:** Video-based modules debut each day from Monday, Nov. 7 to Thursday, Nov. 10. Modules will remain available for one calendar year.
- **Webcast:** A live webcast, featuring a roundtable discussion of pancreas cancer experts and a question and answer period, is scheduled for noon EST on Friday, Nov. 11 (registration is required).

Initiative intent

The intent of this initiative is to enhance the participants' ability to apply evidenced-based medical principles to provide care to patients with pancreatic cancer and those with pre-malignant conditions. Emphasis will be placed on the value of a multidisciplinary approach and the needs of patients and caregivers in dealing with complex medical and surgical issues surrounding pancreatic disease.

Target audience

Family practice specialists, internal medicine, gastroenterologists, general surgeons and health care professionals interested in pancreas cancer diagnosis and treatment.

Learning objectives

At the conclusion of this initiative, participants should be able to:

- Recognize conditions that put patients at risk for pancreatic cancer
- Identify the importance of multidisciplinary care for pancreatic cancer patients
- Demonstrate awareness of clinical trials for pancreatic cancer

Accreditation and credit

William Beaumont Hospital is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Web Module Credits – William Beaumont Hospital designates this enduring material for a maximum of *0.25 AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Live Roundtable Discussion Credits – William Beaumont Hospital designates this live activity for a maximum of *1.00 AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Archived Roundtable Discussion Credits – William Beaumont Hospital designates this enduring material for a maximum of *1.00 AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Evaluation

Participants who plan to claim continuing medical education credit must complete and pass the test module at the end of the video (passing rate of 80 percent required). All participants are also required to complete a post-module evaluation that will be used to review this activity and to identify future educational needs.

Finding Hope: Prevention, Early Detection and Treatment of Pancreatic Cancer

Beaumont Health System faculty and their presentations:

Monday, Nov. 7

Pancreatic cancer screening in high risk individuals

Michael Cannon, M.D.

*Gastroenterologist, Gastrointestinal Specialists, Troy
Associate Professor, Oakland University William Beaumont School of Medicine*

Search for biomarkers in pancreatic cancer

George Wilson, Ph.D.

*Chief, Radiobiology, Beaumont Hospital, Royal Oak
Scientific Director, BioBank, Beaumont Hospital, Royal Oak
Professor, Oakland University William Beaumont School of Medicine*

Tuesday, Nov. 8

Cystic neoplasms of the pancreas:

A multidisciplinary approach to the prevention and early detection of invasive pancreatic cancer

Robert Jury, M.D., FACS

*System Leader, Digestive Health Center of Excellence, Beaumont Health System
Chief, General Surgery, Beaumont Hospital, Royal Oak
Associate Professor, Oakland University William Beaumont School of Medicine*

Pathology of pancreatic cysts, precursor lesions and pancreatic cancer

Jacqueline Macknis, M.D.

*Director, Residency Training, Pathology; Anatomic and Clinical Pathology,
Beaumont Hospital, Royal Oak
Associate Professor, Oakland University William Beaumont School of Medicine*

Hereditary pancreas cancer

Dana Zakalik, M.D.

*Director, Cancer Genetics Program, Beaumont Hospital, Royal Oak
Professor, Oakland University William Beaumont School of Medicine*

Wednesday, Nov. 9

Endocrine tumors of the pancreas and familial endocrine syndromes

Peter Czako, M.D.

*Chief, Endocrine Surgery, Beaumont Hospital, Royal Oak
Associate Professor, Oakland University William Beaumont School of Medicine*

Surgical treatment of advanced neuroendocrine tumors of the pancreas

Julie Stein, M.D.

*Hepatobiliary pancreatic surgeon, Royal Oak Surgical Associates, Royal Oak
Assistant Professor, Oakland University William Beaumont School of Medicine*

The role of the nurse navigator: What every cancer patient needs

Carrie Callahan, R.N.

Nurse Navigator, Royal Oak Surgical Associates, Royal Oak

Thursday, Nov. 10

Present and future systemic therapies for adenocarcinoma of the pancreas

Laura Nadeau, M.D.

*Hematology Oncology Consultants, Royal Oak and Troy
Assistant Professor, Oakland University William Beaumont School of Medicine*

Clinical trials in pancreatic cancer

John Robertson, M.D.

*Vice Chief, Radiation Oncology, Beaumont Hospital, Royal Oak
Professor, Oakland University William Beaumont School of Medicine*

Friday, Nov. 11

Online interactive roundtable/interactive session

Beaumont Health System and the Oakland University William Beaumont School of Medicine will host a live online roundtable discussion featuring our pancreas cancer experts at noon EST on Friday, Nov. 11. Presenters will discuss advances and controversies regarding the diagnosis, treatment and research of pancreatic cancer. Submit your questions during the live broadcast or in advance through digestivehealth@beaumont.edu. All questions will be addressed on the broadcast or by email.

Registration is required

To register for this broadcast, please go to meded.beaumont.edu/digestive-health-cme or scan the QR code on the back of this brochure.

All presentations will be accessible online for one year following the initial broadcast at meded.beaumont.edu/digestive-health-cme or on Oakland University's iTunes site. All presenters are available to answer questions. Please email your questions or comments to digestivehealth@beaumont.edu.

For assistance with website issues, please call Erika Taylor at 248-898-3331. For CME-related questions, please call 248-551-0429.

Disclosure

All speakers and members of the planning committee have been asked to disclose any significant relationships they may have with commercial companies. The presence or absence of relationships will be disclosed at the time of the presentation.

Fees/payment

There is no charge for the learning activities associated with this initiative.

This educational event was filmed in the Marcia & Eugene Applebaum Surgical Learning Center at Beaumont Hospital, Royal Oak. The center is accredited by the American College of Surgeons as a Level I Educational Institute.
